

Dr.Art+Design has an opening for:

Job Description: Creative Head

- You will report directly to the Founder and lead the art and design functions of the company.
 - Right from client interactions and deliverable meetings, to resource management and fostering creativity in the junior designers and artists in the company, you must do it all.
- Expectations from the Creative Head
- Designer, from a notable institute, with minimum 5-7 years of experience in the exhibition/ product/ interior design and art field or valid varied portfolio or a good portrayal of his/her abilities.
 - Exceptional ability to think conceptually
 - An eye for timeless art pieces and beautiful and functional design work.
 - Understands the strengths and abilities of the resource available on board and thus carefully creates a suitable team for specific projects.
 - Leads all project teams and gives guidance to the smaller teams for their design concepts.
 - Ability to handle multiple projects simultaneously and meet deadlines consistently while raising timely invoices to clients. Has a good sense of space, art, functionality of design.
 - He/she must have experience in managing/working with a creative team and enjoy the process of idea generation and appreciate the brilliance possible from collaborative work.
 - Scouting for new talent as and when needed in the company.
 - Manage and coordinate all communications to and from consultants.
 - Previous work with space design and/ or interior design and/or art consultation is not a must but will be preferred.
 - Should be proficient in reading and creating technical drawings.
 - Software skills: AutoCAD, Photoshop, Illustrator, Indesign, Maya/ Rhino
