Company: Suryagarh-Jaisalmer

Position: Space Designer

Offered Salary: Upto 12Lakh/Annum

Job Description:

The candidate is expected to do the following:

- Interior and spatial designer will be involved in the design or renovation of internal spaces, including structural alterations, furnishings, fixtures and fittings, lighting and colour schemes wrt. Hotel properties both boutique and heritage.
- The job combines the efficient and functional use of space with an understanding of aesthetics..
- Developing initial ideas and acquiring key information about projects, discussing requirements in detail with clients (the brief) and setting project schedules;
- Understanding clients' needs and the needs of the people using the building, developing design concepts in consultation with the client and establishing final briefs;
- considering materials and costs according to set budgets;
- conducting feasibility studies for projects;
- researching and gathering information and photographs relating to the project;
- producing 'sample' or 'mood' boards for presentation;
- sourcing products, e.g. fittings, furniture, lighting, finishes, decoration and dressing, and providing samples for clients;
- preparing detailed working drawings, designs, plans, models and schemes, often using computer-aided design (CAD) software;
- surveying buildings;
- supervising work at the design stage and on site;
- working closely with quantity surveyors to establish costs and work schedules on larger projects, with architects and other design professionals to determine the best use of space, and with manufacturers and contractors;
- keeping up to date with new developments in the design industry.

In addition, an interior designer may also sometimes act as a project manager for the client throughout the construction stage. This can involve coordinating the design on site and even managing the construction team.
