

Space Matrix Design Consultants is a 21st-century enterprise focused on helping multi-national clients become more profitable, sustainable and future-ready by creating high-performance workplaces that create value for their businesses. We are different from other design firms: We are innovators. We are business-savvy and digitally adept. And we are revolutionising the delivery of design+build services in Asia and beyond.

We are growing at a fast pace, expanding our geographies, winning new business, and achieving sustainable growth. At every stage, our people drive our 'great place to work' mission.

To build on this, we need YOU

As our new Interior Designer- Workplace (Bangalore), you will be responsible for developing design concepts for corporate interior projects and supporting in client presentations/pitches. Working closely with the Design lead, and other team members, you will be developing workplace interior design solutions to fit assigned programs and budgets and be involved in detailing projects from concept to execution. You will be based in Bangalore and work with offices across India. We are offering a challenging work environment with opportunities for development and growth. You will be working with a dynamic team of designers and project managers locally and internationally and have the opportunity to share your creativity and ideas.

Desired skills and expertise

This position requires creative ability, detail orientation, quick problem-solving skills, excellent interpersonal and communication skills.

Does this describe you?

You are an Interior Designer with excellent presentation skills.

You have a strong design sensibility and the technical ability to develop a project from concept to execution.

You are a team player with a positive attitude to go the extra mile

You have multi-tasking ability, with time management and organisational skills.

You have a Degree in Interior Design or Architecture

You have an excellent knowledge of design tools such as AutoCAD, Sketchup and Photoshop

You will be a subscriber to the Company's core values: **teamwork, integrity and excellence.**
